05

Global warming is a hike in the average global temperature on earth. Burning of excess fossil fuel and the release of toxic fumes into the atmosphere is the major cause behind global warming. Global warming can have disastrous effects on living organisms. The impacts of global warming are widespread and unspecific. Some areas experience a sudden rise in the temperature while others witness a sudden fall in it.

The major reason for global warming is the burning of fossil fuel for energy. It has been noted that the average temperature on the earth has increased by 1.5 degrees Celsius in the past decade. This is a reason for worry as it can damage ecosystems and might result in the disruption of the environment. Global warming can be checked if we take concrete steps towards restoring the lost vegetation in our forests. We can also use clean energy sources like wind energy, solar energy, and tidal energy to check the rise in global warming.

Social media has made a great impact on the way we interact and conduct our lives. People can now keep in touch with their friends, family members, and even businesses without putting in too much effort. Through social media, people get all the necessary information that they need to progress successfully in life. Sites like Twitter, Facebook, Google +, and other social networking sites have become a part of our daily routine. We spend hours browsing through these sites instead of concentrating on more important things like education or work. This can prove to be very dangerous for children's mental development and growth as it takes their focus away from getting educated. It is very important to regulate the time spent on social networking sites by both children and adults because it can bring about a lot of evils and health issues in our lives, such as overexposure to violence, nudity, and explicit content on these sites can lead to mental trauma amongst people of all ages.

Social media can greatly improve our lives if used properly, but it can also be very damaging for the growth of children and adults alike if put to the wrong use. It is, always advisable that you spend more time focusing on other things in life rather than getting lost in the

virtual world and try to spend time with your family members more often. Today we know the truth, yet we tend to believe these superstitions perhaps not because we disbelieve science but because we love traditions more.

Exercise has gained a lot of attention in the last few years. It is considered important for good health and keeps away various physical ailments and diseases. People are now more interested in staying fit with the help of different fitness programs available today. However, along with this increased awareness about fitness, the number of people suffering from obesity has also gone up. Most people do not realize that most health issues can be controlled just by making a few changes in their dietary and fitness habits. It is never too late to bring about a change in your lifestyle if you have gained some extra pounds or are suffering from any other unhealthy condition. All it takes is a little effort on your part.

Exercise helps in weight loss or weight control. The amount of fat that a person carries on their body can be reduced or controlled through regular exercise. The fat content of the blood that circulates throughout the body is significantly reduced through exercise. Studies have shown that underweight and overweight women benefit most from regular exercise because their bodies

respond better to it. Exercise is beneficial for the health of a pregnant woman and also helps her deliver a healthy baby. When women get married, they have many dreams and aspirations for the new phase of life. They dream of having a good family and children. In India, however, pregnancy is often followed by the question of whether the unborn child is a girl or a boy. In our country, many people have a major obsession with sons. They think that a son is a cause for joy and lifetime security, and celebration. They have the view that a girl child is a cause of an economic drain as her marriage and dowry will crush the family under a huge burden of debts. Besides, we live in a patriarchal society where sons will always be preferred over girls as they are seen as lesser prized objects and weaker than men. Moreover, the social custom of India to marry off their daughters into a family of higher status is also a root cause of this issue, and the kin of the groom demands huge dowry consisting of a certain amount. Especially in rural areas, men are believed to take care of the family heritage and pass on the family lineage while protecting the family name. This proves that even though women's empowerment is an important subject in this era, people still do not believe in equality, due to the backward thinking of certain people around the world.

माय मराठी

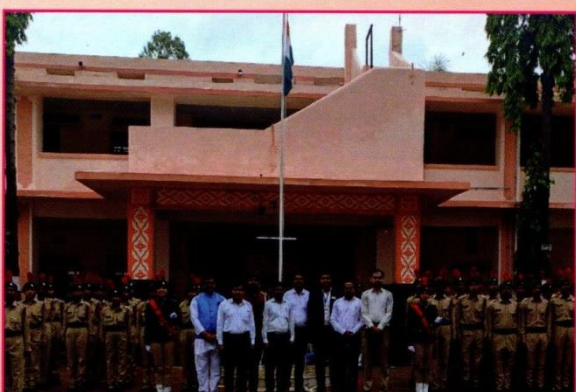

“लाभले आम्हास सौख्य बोलतो मराठी, जाहले खरेच धन्य ऐकतो मराठी” किती परिपूर्ण वाक्य आहे ना हे वाक्य ऐकल्यावर आपल्या कानांनाही तृप्त झाल्यासारखे वाटते, म्हणूनच आपल्याला इतके माधुर्य वाटते ऐकताना. ज्ञानेश्वर महाराज मराठी भाषेचे कौतूक करताना म्हणतात की, माझ्या मराठीची बोलू कौतूके परी अमृताची ही पैजा जिंके । ऐसी अक्षरे रसिका मेळविन । अमृतावूनही गोड असलेली मराठी ही आपली मातृभाषा आहे. मराठी भाषा ही आपल्याला आईसारखी आहेच. पण ती आपली एक प्रिय सखी सुध्दा आहे.

पण या गोष्टीत बदलत्या काळानुसार बदल झाला आहे. आजकाल आपण २७ फेब्रुवारीला मराठी दिन आनंदाने साजरा करतो. जर आपण हा दिवस आपल्या भाषेच्या अभिमानाने साजरा करत असतो तर काहीच हरकत नाही. अर्थात यात गैर काहीच नाही पण खरंच आपण तो दिवस अभिमान म्हणून साजरा करतोय का? उत्तर नाही असाच आहे. आपली मातृभाषा लोप पावत चालली आहे. तीला जपून ठेवले पाहिजे, हा या मागील उद्देश असतो पण खरंच एका दिवसात आपली भाषा जपून ठेवल्या जाऊ शकते का? पण मुळातच मराठी ही आपली जननी आहे, तिला आपण कसे काय जाऊ देऊ शकतो. काळ बदलत असतो हो, पण आई कशी बदलू शकते.

पण आजकाल नवीनच एक चालू झालाय पुढे जाऊन जर आयुष्यात यशस्वी व्हायचे असेल तर इंग्रजी माध्यमाच्या शाळेत प्रवेश घेतला पाहिजे. मराठी ही माहिती देवाण-घेवाणसाठी घेतली जाऊ शकते. पण तिचा वापर करण्यासाठी आपली भाषा लोप पावत जात आहे. हे कितपत योग्य आहे. आपली भाषा जपून ठेवली पाहिजे आणि ती आपलीच जबाबदारी आहे. आपली मातृभाषा ही आधीच परिपूर्ण आहे. आणि तिला तशीच ठेवण्याची जबाबदारी आपली आहे.

माझ्या मराठी मातीचा,
लाव ललाटास टिळा,
हीच्या संगाने जागल्या,
दऱ्या खोऱ्यातील शिळा.

Action Taken report

Due to Covid 19 Pandemic situations lock down declared by government for academic year 2020-21 (Remaining batch of B. sc. 3rd year from 2019-20). So, it is very difficult to come to college and learn everything as learning in regular classes. For some time, it becomes difficult to cover the curriculum activities in college. To overcome this situation, we searched a lot of ways through which we can find out the solutions on this problem. One of the greatest creations by Google came to help us that is Google classroom. In this activity we tried this to makes students familiar to use this new mobile application initially then started our stopped work again by the help of Google classroom application. Most of our students are having the rural or below poverty level background (BPL). It is very rare to have a many facilities like computers, cameras at their homes. This is the main reason that we have to make them familiar with the easily available mobile phones and the Android Google classroom app. After using this Google classroom Android application, we were able to continue our class works. Mr. Ananta More head of Botany created separate classrooms as per their B. Sc 1st, 2nd, 3rd at google classrooms. Each student from Class can easily communicate with their teachers and classmates as like in classes. Students can submit their assignments while teachers can assign it. The google classroom has very good support from other google applications like google meet through which it is possible to conduct the live video lectures along with many teaching facilities available in it, One important support from google forms so becomes easy to plan the regular tests. Learning this google classroom help us a lot.
